

Otto Group – List of Business Partners and Factories – July 2022

This list contains business partners (only private labels) as well as the final production factories, which have been active for the Otto Group companies bonprix, Otto, myToys, Witt (incl. heine) and/or sheego. A business partner/factory is considered active if it has been active within the past 12 months and remains active as of the date the list is created. Only factories that are located in so-called high-risk countries according to the amfoni BSCI classification are included. The Otto Group also produces in low-risk countries, e.g. the EU. All factory related information is based on data that business partners share with Otto Group companies. The list is updated regularly but not on a daily basis.
